

**Onsite Wind & Weather + Ballistics Calculator = First Shot Confidence**

## Kestrel 5700X Elite Weather Meter with Applied Ballistics®

The same accuracy and reliability as the industry gold standard 5700 Elite, the 5700X packs more performance power to deliver faster firing solutions in the field for multiple extreme long-range targets.

### 5700X Elite New Features:

- » **Faster Speed:** Improved processor speed delivers quicker targeting data for extreme long-range targets.
- » **Increased Security:** Adjustable Bluetooth® Low Energy signal can be dialed from full power to off position to minimize Bluetooth® range detectability.
- » **Future-proof Longevity:** Large capacitor has potential for upgrade capabilities to integrate new compatible Applied Ballistics solvers when available in the future.

### ANONYMOUS, US SPECIAL FORCES:

**“The *Kestrel* is the single most advancement that the military has incorporated in the last 6 years.** The convenience of having an auto-populating data display for a variety of guns is a huge advantage for the soldier, marine, and airman. It’s a must have tool for snipers.”
