Length: 108 mm/4.25"  
Weight: 166 g/5.9 oz  
Interfaces: 1 set  
EAN: 7340150712136

The Spuhr® Hunting Series of mounts features the diagonally cut rings of the Spuhr® Ideal Scope Mount System (ISMS™, US Patent 8,733,011) and implements them into a lightweight and aesthetically more pleasing mounting solution for the hunting market.

The SCT-3006 Hunting Mount features one Spuhr Interface™ Top Cover, which can be installed as to position any of more than 40 different accessories in either the 12 or 3 o'clock position.

The mounts are machined from billet 7000 series aluminum and all aluminum parts are hardcoat anodized. The Torx 20 ring and clamping screws are zinc-nickel coated for corrosion resistance and come pre-waxed from the factory to ensure proper torque values. The SCT-series feature an adjustable recoil lug for proper eye-relief.

The mount is shipped with a manual and a "wedge" leveling key.

### NOTE:

The SCT-3006 is designed for use on rifles with SAKO TRG 22/42 and Tikka T3x dovetails and not for rifles with Picatinny rails. The SCT-3006 will fit most 30 mm scope tubes except for scopes with extended erector housings, such as the US Optics TPAL/EREK.
