

SP-3022CM

Cantilever Mount Ø30 H38mm/1.5" 0MIL PIC Gen3

Absolute Co-witness Cantilever Mount

Rings: 30 mm
Tilt: 0 MIL/MOA
Height: 38 mm/1.5"
Length: 140 mm/5.51"
Weight: 250 g/8.8 oz
Interfaces: 7 sets
EAN: 7340150702793

The **IDEAL SCOPE MOUNT SYSTEM** series of mounts features **seven sets of interfaces** to **attach any of more than 40 different accessories**. The rings are diagonally cut for increased visibility of the elevation and windage turrets (US Patent 8,733,011).

The mount body and top covers are machined from billet 7000-series aluminum and all aluminum parts are hardcoat anodized. The side clamp is machined from steel, which is then hardened and treated with a hi-tech Cerakote coating. The Torx 20 ring and clamping screws are zinc-nickel coated for corrosion resistance and come pre-waxed from the factory to ensure proper torque values.

The mount is shipped with a manual and a "wedge" leveling key.

NOTE:

The SP-3022CM is based on the 3-gun competition mount designed for the **The Noveske Shooting Team**, but with absolute co-witness with iron sights.

The SP-3022CM will fit most 30 mm scope tubes except for scopes with extended erector housing, such as the US Optics TPAL/EREK. Due to the extreme cantilever, the SP-3022CM does not feature a bubble level as the rest of the ISMS series do.
