

SP-4022

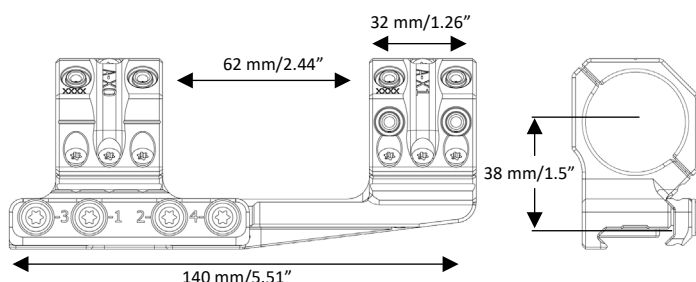

Cantilever Scope Mount Ø34 H38mm/1.5" 0MIL PIC

The Noveske Shooting Team Mount

Rings: 34 mm
Tilt: 0 MIL/MOA
Height: 38 mm/1.5"
Length: 140 mm/5.51"
Weight: 246 g/8.7 oz
Interfaces: 7 sets
EAN: 7340150701321

The **IDEAL SCOPE MOUNT SYSTEM** series of mounts feature **seven set of interfaces to attach any of more than 40 different accessories**. The rings are diagonally cut for increased visibility of the elevation and windage turrets (US Patent 8,733,011).

The mounts are machined from billet 7075

T651 aluminum and all aluminum parts are hardcoat anodized. The Torx 20 ring and clamping screws are zinc-nickel coated for corrosion resistance. The screws come pre-waxed from the factory to ensure proper torque values.

The mount is shipped with a manual and a "wedge" leveling key.

NOTE:

The SP-4022 is based on the 3-gun competition mount designed for the **The Noveske Shooting Team**, but with absolute co-witness with iron sights. The SP-4022 will fit most 34 mm scope tubes except for scopes with extended erector housings, such as the US Optics TPAL/EREK. Due to the extreme cantilever, the SP-4022 does not feature a bubble level as the rest of the ISMS series do.
