COMBAT TRAINING SOLUTIONS

## Enhancing Tactical Excellence

Parallax Combat Training Solutions is a trusted name in specialized tactical training, serving military and law enforcement professionals across NATO. Known for realistic, high-impact courses, Parallax CTS empowers teams to operate effectively in challenging environments.

We specialize in facilitating training for small units, and we plan and execute realistic training to enhance decision-making, teamwork, and operational readiness. We can offer training and LFX areas with up to 360 ° firing arch and 2000m+ range.

## Training opportunities

- Customized Tactical Training: Tailored programs focusing on small unit tactics, personal skills, field operations, and mission-specific scenarios.
- Mobile training team (MTT)

## Topics:

- Cold weather operations
- Sniper and marksmanship
  - Close protection
  - Mobility
  - Medical
- Small unit tactics
  - Survival
- Coastal operations
- Mountainous operations
  - Train the trainer

### WHY CHOOSE PARALLAX CTS?

EXPERTISE YOU CAN TRUST: COURSES LED BY SEASONED PROFESSIONALS WITH EXTENSIVE FIELD EXPERIENCE.  
REAL-WORLD APPLICATION: TRAINING DESIGNED TO REPLICATE ACTUAL OPERATIONAL CHALLENGES.

# GOAST

## TARGET SYSTEM

"AFTER DECADES OF RUNNING SNIPER COURSES, HAULING HEAVY STEEL TARGETS DOWN RANGE EVERY MORNING, WE WANTED TO FIND A SOLUTION THAT SAVES TIME, ENERGY AND SPACE, BUT STILL DELIVERS THE WANTED FEEDBACK WHEN HITTING THE TARGET. THIS GAVE BIRTH TO OUR GOAST TARGET SYSTEM."

[GET OUT AND SHOOT TARGETS]

The GOAST Target System is a no-steel, versatile solution for training at both short and long ranges, compatible with supersonic and subsonic ammunition. Paired with our LED Flashers and spray paint, it provides instant visual feedback—even at extreme distances. No more relying on hearing impacts as with steel.

# GOAST Professional

The unique Polyurethane laminate construction gives the GOAST PRO features of 3 targets in one, with properties of steel, paper and thermal target in one target. The PRO series has longer lifespan and is UV- and salt water resistant. Made for arctic conditions it can operate from -25 to +40°C. The PRO series can withstand thousands of hits, giving it long viability. The PRO series can be custom ordered in any shape and sizes.

## E-TYPE TARGETS

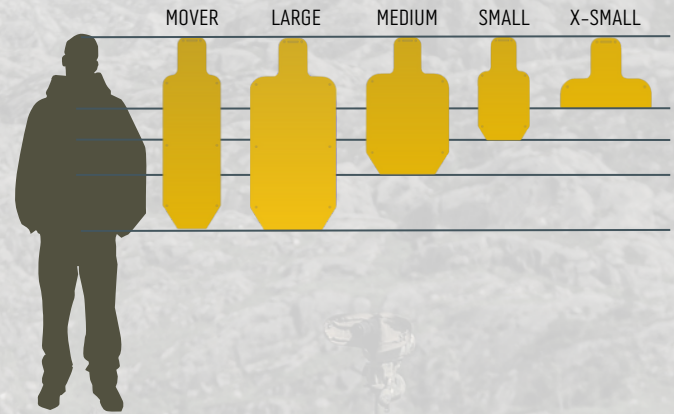

**E-TYPE XS** 45X30CM [ NSN: 6920 22 636 8342 ]

**E-TYPE S** 30X60CM [ NSN: 6920 25 163 1412 ]

**E-TYPE M** 45X30CM [ NSN: 6920 25 163 1413 ]

**E-TYPE L** 45X100CM [ NSN: 6920 22 636 8350 ]

**E-TYPE MOVER** 30X100CM [ NSN: 6920 22 636 8352 ]

## CIRCULAR TARGETS

**CIRCULAR XS** 10CM

**CIRCULAR S** 15CM

**CIRCULAR M** 20CM

**CIRCULAR L** 30CM [ NSN: 6920 25 163 1411 ]

**CIRCULAR 1MOA** 1MOA@ 300 TO 1200M

## SQUARE TARGETS

**SQUARE XS** 10X10CM

**SQUARE S** 15X15CM [ NSN: 6920 25 163 1409 ]

**SQUARE M** 20X20CM

**SQUARE L** 30X30CM [ NSN: 6920 25 163 1410 ]

**SQUARE XL** 30X60CM

SQUARE SPORT XXL 50CM

UNLIKE STEEL TARGETS THAT CAUSE BULLETS TO SCATTER ON IMPACT—OUR GOAST TARGETS ALLOW BULLETS TO PASS STRAIGHT THROUGH THE SELFHEALING MATERIAL, CAUSING MINIMAL DAMAGE TO THE TARGET AND REMOVING THE PROBABILITY OF RICOCHETS

OUR TARGETS HAVE PASSIVE THERMAL PROPERTIES, ALLOWING YOU TO SEE BOTH THE TARGET AND IMPACT

## ACCESSOIRES

**PAPA STAND** EASY, LIGHTWEIGHT COLLAPSABLE TARGET STAND FOR EXTRA-SMALL TO MEDIUM TARGETS. CAN WITHSTAND SEVERAL HITS WITHOUT LOSING ITS FUNCTION.

**ALFA-STAND** FOR THE PROFESSIONAL USER. CAN WITHSTAND SEVERAL HITS OF .338 WITHOUT LOSING ITS FUNCTION. EASY TO SET UP ON ALL SURFACES. ALL PARTS CAN EASILY BE CHANGED INDIVIDUALLY IF NEEDED. SAFE AT EVEN POINT-BLANK DISTANCE.

[ NSN: 6920 22 636 8355 ]

**LEDFLASHER V2** HAS AN ADJUSTABLE FLASH TIME SETTING BETWEEN 0.2 SECONDS AND 2 SECONDS. THE LEDFLASHER OFFERS CLEAR HIT FEEDBACK FOR BOTH SHORT- AND LONG-RANGE SHOOTERS, VISIBLE UP TO 800M WITH THE NAKED EYE AND OVER 1200M WITH 15X MAGNIFICATION. IT IS IDEAL FOR EFFECTIVE MARKSMANSHIP TRAINING.

[ NSN: 6920 25 163 1408 ]

**GOAST PAINT** THIS FAST-DRYING PAINT IS SPECIALLY DEVELOPED FOR OUR TARGETS, ENSURING THAT THE PAINT SCATTERS OFF AROUND THE IMPACT POINT. THE HIT IS INDICATED BY THE ORIGINAL COLOUR OF THE TARGET APPEARING IN A CIRCLE OF APPROXIMATELY 3-5 CM IN DIAMETER. OTHER COLORS AVAILABLE ON REQUEST

YELLOW [ NSN: 8010 25 163 1727 ]

BLACK [ NSN: 8010 25 163 1728 ]
